

SCIENTIFIC STAY REPORT

Host institution

Name of institution: International Iberian Nanotechnology Laboratory(INL)
Town: Braga **Country:** Portugal
Department: Theory of Quantum Nanostructures
Research group:

Director of the group

Name: Joaquín Fernández Rossier
E-mail address: joaquin.fernandez-rossier@inl.int

CONFIRMS that the student

Student's personal data

Name: Noel García Martínez
Identification number: 50895415A
Home university: Universidad de Alicante
E-mail address: noel.alberto.garcia@gmail.com

Has been accepted for a scientific stay at this research group

Scientific stay information

Arrival date: January 2014 **Departure date:** December 2017 **Duration:** weeks

Supervisor's name: Joaquín Fernández Rossier

Report: Noel García Martínez was recruited at INL during 4 years in my research group. The first 3 years he was recruited within a Marie Curie ITN project (SPINOGRAPH). He enrolled in PhD program of "Nanociencia y Nanotecnología" at the Universidad de Alicante. He was seconded at UA for 8 months in 2015. He was also seconded in Graphenea (San Sebastian) and in IMDEA Nanociencia (Madrid) for two months. The core of the research of Noel's thesis work has been carried out during his stay at INL.

Location and date: Alicante, December 1st 2020

Location and date: Alicante, December 1st 2020
